ton's Vegetable Tincture on our most respectable citi-sens—men well known and tried—we challenge the world to show anything on record in medicine to equal it. Many tundreds who have fell its healing powers bear the same testi-mons.

Messrs. Mortimer & Mowbray: Gents: Last September I was attacked with erystpelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was billous pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emactated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remodies, without success, a friend advised me to try DR. HAMPION'S VEGETABLE TINC.
TURE, and precured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottes, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine.

Mesers. Tyler & Adair: I have been afflicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without erv. shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any rellef; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled. Yours, ELIZABETH BAGWELL.

KRAUSER'S PATENT CLOVER-SEED HAR-KRAUSER'S PATENT CLOVER-SEED HAR-VESTER

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I's utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, catch all the heads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that cvery furner will have it, and pays the manufacturer 200 per cent.

E. WHEELER, Agent for Washington.

CROSS KEYS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J.,
September 4, 1851.

We, the undersigned, do certify that we have seen Mr.
Krauser's Patont Clover Harvester in operation, and it has given perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—it is all that Mr. Krauser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

This is to certify that Mr. G. J. I gave him two-thirds for gathering and cleaning. I think his machine is first and a suppose the sixteen and the suppose that included. first-rate, and answers all the purpose that is intended.

The following points out the profitable nature of the KRAUSER'S PATENT CLOVER-SEED HARVESTER KRAUSER'S PATENT CLOVER-SEED HARVESTER.—
We have conversed with a number of Farmers, and they are
of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield
from 1½ to 3 bushels. Reducing it to a certainty of yielding
but 1 bushel per acre, what will it cost to gather and thresh

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. afflicted:

"Wm. M. Johnston, No. 112 Second street, Pittsburg, says that he had a severe attack of Rheumatism in his right hip; after suffering some ten days, the left hip also became affacted, and he was obliged to 'lay up.' The pain was constant and excruciating. He had heard of the wonderful effects of the Mustang Liniment in Rheumatism, and determined to try it. One small bottle, thoroughly applied, performed a perfect cure! B. H. Meakings, 189 Walnut street, Clincianati, was confined to his bed and under treatment of a physician some six weeks with Neuralgia of the whole of his right side, leg, arm, and face. His sufferings were indescribable, and the only cessation from the most agonizing pain was while under the influence of opium or morphine. His doctor finally advised him to try the Mustang Liniment; he did so, and in two days was able to go about his business, perfectly cured." L' the Summer, a sovereign preventive and cure (say the proprietors) may be found in HAMPPON'S VEGE-TABLE TINCTURE. It has been given in small doses to children teething, with great success. did so, and in two days was able to go about his business, perfectly cured.

"The Lame Made to Walk.—About the first of April I cut and laid open the fore finger of my left hand, through the bone and across the second joint, nearly discovering it from the hand, being about two-thirds off. I was feastful that I should lose the use of my finger forever; but I bound it up with the Mexican Mustang Liniment, and it soon healed up, and is now perfectly well, though somewhat scarrifed. I used nothing but the Mustang Liniment.

"About one week ago I had the misfortune to cut the cap of my left knee in two with the sharp corner of an axe. The cap was split saunder, and for a day or two I could not use my leg at all and I was afraid that I would lose its use forever. The cap was cut and eleft to the joint with a deep and alserming gash, and it gave me great pain and uneasiness, lest I should be entirely deprived of the use of my leg. I applied the Mexican Mustang Liniment, and that alone, in both of the above cases, and I am now quite well, except the cap of my knee is a little swollen, and is tender about the cut, which is healed up and shows a fresh red appearance of about one inch and a half in length and a quarter of an inch in width, but gives me no inconvenience whatever.

"I walked fifteen miles yesterday out of the thirty miles from the place where I live near the Sulphur Springs, in Jefferson county, and feel able to walk as many more today. My recovery has been so wonderful that I feel it my duty to make it public, that the world may know the value of the Mexican Mustang Liniment.
